

Milkshake & Drink Mixers

DM31 Milkshake and Drink Mixer:

"Sealed Design" for easier cleaning & better hygiene ~ Versatile beater combination ~ Smaller footprint

Roband milkshake mixers are the ideal machine for making perfect thickshakes or milkshakes every time. The Saturn beater produces extra fluffy shakes using minimal ingredients, time after time. The Universal Beater is stainless steel & has 2 blade options ideal for making normal milkshakes through to thickshakes. Merging style, power & performance these mixers are a must for cafes & fast food outlets.
